OUR SERVICE

When we are not able to deliver to you personally, we use the services of long established, well-known couriers, and our standard delivery charges are among the lowest in London starting at just **£15 with free collection**.

We work closely with our couriers in order to be able to provide you with fast, low cost delivery, and standard delivery is FREE on all one box orders over £50. For example, if you ordered two Group 0-1 car seats for 2 weeks, the rental fee would be £56 and delivery would be free. If you order one luxury high chair, one luxury travel cot, one infant linen set and a bed guard for one week, the rental fee would be £55, and again, delivery would be free. A 3-wheeler pushchair with rain-cover rented for one week would hire for £31, and standard delivery would be £15.

However, we know that every customer is unique and we therefore tailor our charges to your needs. It is always best to contact us if you have a large order so that we can work on providing you with the best possible service and value for money. Please call or email with your order enquiries. We're always happy to help.

"All arrangements for the delivery and pick up at the end went exactly as promised. Friendly staff advised and were helpful in every way. I can highly recommend this 5 service."* Milena M, London
